BEAM Platinum

SC385

Dual Muffler

Significantly reduces motor noise able to vacuum without waking up the neighbourhood.

By-Pass Motors

Two 5.7 by-pass motors for an extremely strong performance creating 1200 air watts of suction.

Utility Valve

Convenient utility valve lets you easily clean in the area around the vacuum unit without having to connect to an inlet valve in the wall.

Translucent Bucket

The extra large translucent bucket helps you to monitor the dirt level without having to disconnect the bucket.

Sure Seal Twist Lock

The twist lock contains the dirt within the bucket and allows for easy disposal of the contents.

Self Cleaning Filter

The exclusive BEAM Self Cleaning Filter with GORE-TEX™ technology filters 98% of particles at 0.3 microns, without the need of ever having to buy separate filter bags. The BEAM Self Cleaning Filter protects the motor for prolonged product life, keeping superior suction performance over time.
